PASTEL PLUS

A pretty ensuite is ready for play but is able to act like a grown-up space as well.

DESIGNER ALEXANDRA DONOHOE CHURCH "This bathroom is the ensuite belonging to an eight-year-old girl so we chose a palette in her favourite pink, keeping it fun and optimistic but a little bit grown-up too. It's playful, but it's a room which can grow with her over the next 10 years." *What luxury item did you choose for this space regardless of budget?* "The solid Norwegian Rose bespoke vanity, with concealed shelving, can certainly be considered a luxury and quite extravagant for a child's ensuite bathroom, but we think 'why not!'" decus.com.au
